NEWS OF THE MORNING.

Several items of interest from Kansas are given on our first page this morning.

The telegraph brings news of the partial destruction of the Rock Island bridge across the Mississippi, the burning of a steamer, &c.

Full information is given to the standing of the Northern Iowa Ins. Co., in whose safety many of our citizens are interested.

The Milwaukee Horticultural Society, it will be seen, has re-organized fully for efficient action this season. Success to it.

Various items of interest from our State exchanges will be found in our columns to-day.

It will be seen that Congress is about to act, we hope favorably, on the subject of a Marine Hospital at this port.

See our local and advertising columns for various matters of interest.

Important from Washington.

We learn from Washington that the Committee on the House of Representatives has agreed in favor of a bill for a Marine Hospital in this city.

Also that a bill has passed the House, and is about to pass the Senate, providing that the general evidence which has already entitled persons to county land warrants for less than one hundred acres, will be deemed sufficient to establish the right to any additional grant, the identity of the person being established.

Also that the evidence on record entitling to pre-emption is to be sufficient to entitle persons to actual settlement, and where record evidence is lost, parol evidence is to be received. Volunteers who served for 14 days with U. S. troops in wars terminated at the act of March 3, 1855, to be entitled to warrants, and allowed one day for each twenty miles march in going to muster, or returning home after discharge.

Milwaukee and Beloit R. R.—Fox River Valley R. R.

We noted yesterday the fact that the Common Council had passed ordinances providing for the loan of city credit to the amount of $150,000 to the Milwaukee and Beloit Railroad Co., and of $50,000 to the Fox River Valley Railroad Co., the two Companies having made an amicable arrangement, by which the former builds the road, and the latter ends with them, and run on their line some 14 or 15 miles into the city.

The Mil. and Bel. R. R. enterprise is enlisting, we are happy to say, a warm interest, in the country east, but along the whole line of its route. Meetings are being held in the country, in Waukesha and Walworth Counties, at which liberal subscriptions of stock are made, and the prospect is good for speedily placing the road under contract. We are sure that we do not exaggerate its importance when we place this road, when completed, among the very best of those leading into Milwaukee. With a rich agricultural country for its line to pour its produce into our city, with the certainty of a very large lumber trade outward—with numbers of thriving towns to be supplied with merchandize—and, added to these advantages, connections South-westward and North and beyond, securing an immense travel at once, we are sure that we do right in encouraging the enterprise to the hearty and prompt co-operation of our people.

We learn that contractors of abundant means and experience stand ready to bid for the construction along the whole line, as soon as the route is fixed. Let it be fixed and the Company are ready for them.

A "Border Ruffian" Apologist.—The *News*

has been anonymous correspondent, who professes to be well posted in regard to Kansas affairs; thinks very highly of the "Border Ruffians" and very lowly of the "Abolitionists"—the Free State men in Kansas—and is especially disgusted with Mr. Seward *for* what it has said on the subject, and more particularly for its encouraging the importation of Sharpe rifles into Kansas. This lover of peace and hater of strife and discord, grows eloquent as he dwells upon the enormity of sending arms and ammunition to the help of the Free-men of Kansas, and thinks such proceedings altogether unworthy of a civilized and christian people. The public would better appreciate the value of the opinions and the sincerity of the sentiments expressed by this anonymous writer, if they knew his name. Should it turn out, for instance, that it was DAVID ROSHAM, none could doubt that the "Border Ruffians" had found a powerful champion, and the *News* a fitting correspondent.

Lay on the Lash!—The Charleston, S. C.,

Mercury, the organ of the ultra-Slavery-Extension party, is just now laying down the course of action for the Northern Hunker Doughfaces, and they are expected, at the Cincinnati Convention, to obey implicitly, and at the polls all through the North, to bow down and worship Slavery, and vote for its candidate. The following extracts from a late leader in the *Mercury* will give our Democratic readers an idea of what is expected of them. It should be premised that the *Mercury* believes Slavery a blessing—swears by the blade of Calhoun, who declared Slavery to be "the bulwark of our Republican Institutions,"—and rose for the re-establishment of the Slave trade. This paper says:

It is not enough that the platform be sound, for a bitter experience warns us of the worthlessness of party pledges; *but we must have a man of honor, and, upon unbiassed construction Slavery and Slaveholding for the future*, and whose reputation for honesty, and consistency secure her against treachery. * * * * *

The chief strength of the Democratic party is in the South. Its existence at the North is but *the reflection* of its life at the South. Is she not bound to see that her strength is rightfully employed in her own defence?

Not let the South hold the Democratic party to strict accountability in the coming contest.—Let her demand her whole rights, and nothing less. Let her demand a candidate as well as a platform, upon whose fidelity, as proven by past acts, there rests not the shadow of a doubt.—The Democratic party sues for her support—let these be the sole conditions of it.

* * * * *

(The two thirds rule must not be abolished at the Convention.)

It is the *only* check held by the South, in those extraordinary assemblies, *upon the overwhelming Northern majorities.* Until quiet is restored to the country; until the rights of the South are recognized and respected by the North, and the Slavery agitation is settled, we should regard that Southern man as either knave or fool who would propose or vote for the abrogation of the two-third rule. Is not the North now vastly in the majority in these Conventions?—Why increase their power, until at least they have shown themselves *capable of using it with discretion!*

Lay on, Mac Duff!

Waupaca Collapsing.—We learn from the

Waupaca region that the town of Waupaca polled, on town meeting day, only 129 votes. When it is remembered that the same town *returned* last fall 612 (!) votes, giving BARROW 412 majority, this great decrease will excite no little remark. It is doubtless all the work of that wicked "Stalwart" Supreme Court, which probably disfranchised the balance of the famous Waupaca Ex Hundred.

THE UNIVERSITY LAND APPRAISERS.—Gov. Bashford has appointed Messrs. S. G. Colley of Beloit, Charles Burchard of Beaver Dam, and Thomas Reynolds of this place to appraise the Thomas Reynolds of this place to appraise the seventy-two sections of University (saline) land recently granted us by Congress—*Madison Journal.*

The above appointments are excellent, and the duties will be well performed.

The Madison *Democrat* having perpetrated some of its usual stories in relation to the appointments, and stated that the Board of Regents had "appointed a committee to wait on the Governor and inquire into this tampering with the University fund,"—the *Journal* says: "we are informed by Col. J. D. Ruggles, one of the Regents, that nothing of the kind mentioned occurred at the meeting of the Regents referred to. It is a mere fabrication—an Argusism. These lands have got to be apprised sometime. The present Legislature are unanimously in favor of providing for their sale, but could not agree on a maximum price. The matter will come before the adjourned session, and this appointment has been made by the Governor to furnish them with the requisite data that they may act intelligibly and for the best interests of the State."

FARMERS' AND MILLERS' BANK.—The annual election for Directors of the Farmers' and Millers' Bank was held yesterday and resulted in the choice of the following: EDWARD D. HOLTON, ANSON ELDRED, JNO. NAZRO, A. FINCH, JR., JNO. LOCKWOOD, E. H. BROMHEAD, DAN'L NEWHALL, GEO. DYER, R. W. PIERCE. The last two, Messrs. DYER and PIERCE, are new Directors; the Board having been increased from seven to nine. They are both young, energetic and successful business men; representatives of a very useful and rapidly increasing class in our community.

The Farmers' and Millers' Bank has now a capital of $250,000; is well managed; has the confidence of the public, and is doing a very prosperous business.

Business at Oswego.

The Albany *Atlas and Argus* gives the following extract from a private letter, dated Oswego, April 29:—"Oswego is alive this spring; the hum of business rings along the harbor and streets; and the counting-rooms are bustling with the necessary preparations. Suspended commerce and trade are springing into life and activity. Our Oswego houses all look forward to a large business. Our Oswego shippers anticipate canal shipments from this port some 16 or 20 days in advance of our rival, Buffalo city. The western division of the Erie canal will not be in navigable order before the 20th of May. Western men will learn that Oswego is the channel for their property to reach tide-water in some kind of season."

PERSONAL.—Mr. CHAS. QUENTIN leaves our city this morning on a trip to the Old World, where he proposes to pass a few months. Mr. QUENTIN has been a resident of Milwaukee for some years past and enjoys, in an eminent degree, the respect and confidence of his fellow-citizens. He revisits the country of his birth, after years of absence, with the pleasant consciousness of having won, in the country of his adoption, an enviable position and handsome property. We wish him a safe and successful journey and a speedy return.

APPLETON ITEMS.—A correspondent at Appleton, writes under date of the 2nd instant, as follows:

Water is very high in river here. Has rained steadily about a week. Winter Wheat never looked so well in this section at this time of year, as now. Our county is filling up with new comers; consequently produce and provisions are higher here than in New York.

Circuit Court, Judge COTTON presiding, closed the April term on the 1st inst. No case of any importance tried.

The *Free Press*, (new Appleton Republican paper) is to be issued on the 16th.

LICENSES IN JANESVILLE.—The Janesville Common Council has passed an ordinance, providing for licenses to dealers in intoxicating liquors at $100,00 each, the parties to give bonds in the sum of $1000 each, to keep orderly houses, not to sell to minors, nor to sell on Sundays' or election days; and with a penalty of $10 to $10 for selling without license.

RETURNED.—Among the passengers who arrived in the *Persia* were Major Delafield, of the United States Engineers, Major Mordecai, of the United States Ordnance Department, and Captain McClellan, of the First Regiment United States Cavalry,—officers who were sent out to inspect military establishments in Europe, and view the operations of attack and defence at the siege of Sevastopol.

RESIGNATION OF JUDGE HUBBELL.—Judge HUBBELL, in his charge to the Grand Jury on Monday, intimated to them his intention of resigning his Judicial office within a few weeks.—Judge HUBBELL, like Judge DOOLITTLE, leaves the Bench, to resume the more profitable practice of the law.

TAKING HOLIDAY.—The *Wisconsin* of last evening announces that its editor, MR. CRAKER, has gone East to be absent a few weeks; seeking relaxation from his arduous labors. He leaves the paper in good hands, and will, we hope, enjoy his holiday, as editors, printers and other overworked mortals only can.

CHICAGO, ST. PAUL AND FOND DU LAC RAIL ROAD.—The Fond du Lac *Union* gives the following statement of the earnings of the Northern division of this road for the past two months:

MARCH.	
Passenger Earnings,	$2823 80
Freight and Miscellaneous,	1312 98
Total,	$4,011 11
APRIL.	
Passenger Earnings,	$3971 12
Freight and Miscellaneous,	1812 89
	$5783 10
Increase $1782 99—equal to 44½ per cent.	

THE SPIRITS AT FAULT.—Some few days since it was announced that a spiritual medium had proclaimed that the steamship *Ericsson* would be destroyed by fire on the 26th of last month. But the *Ericsson* arrived recently in good condition, in fourteen days from Liverpool. The *Ericsson* is not the fastest steamer running across the Atlantic, but she is one of the safest. She forms now one of the Collins' line. Her last passage was made in thirteen days, and she has made ten passages without an accident. It is stated that the *Ericsson* consumes but a ton of coal an hour, which is a wonderful economy of fuel for a steamer of her size and speed.

INSTRUCTIONS TO THE STATE TREASURER.—Mr. JONES, Sec'y of State, has sent the following note to Mr. KUHNS, State Treasurer, for his guidance in the future. We find it in the *State Journal*:

Letter from Secretary Jones.

SECRETARY'S OFFICE,
MADISON, May 3d, 1856.

To Hon. Charles Kuehn, Treasurer:

SIR:—In order to prevent any possible loss to the State, arising out of the practice heretofore adopted by the Treasurer, of receiving bank bills and certificates of deposit into Treasury, the Secretary of State deems it his duty to insist that no certificate of deposit be taken by you, and that he will not hereinafter count, allow, or pass to your credit on the books of this office, any such certificate, nor any other kind of money except gold, silver, and bills of such banks of this State as have fully complied with the provisions and requirements of the General Banking Law.

Very Respectfully your obedient servant,
D. W. JONES,
Sec'y of State.

REAL ESTATE PURCHASE.—Mr. Raymond, for himself and company, proprietors of the *Daily Times*, has purchased from the Trustees of the Brick Church, (Rev. Dr. Spring's) Beekman St. New York, for the sum of $250,000, their interest in the property, which is three-fourths of the whole, the other fourth being owned by the city.

Milwaukee Horticultural Society.

The May meeting, as per published notice, was held on Saturday, 4th inst., at the rooms of the Society, and at five o'clock P. M., was called to order by President GIFFORD.

The minutes of the previous meeting having been read and adopted, Mr. Messenger's amendment to the Constitution authorizing the election of the Superintendent was taken up for discussion, at the close of which Mr. Crocker moved that it be laid on the table, which motion prevailed.

Mr. Messenger moved that Article 1st, Section 3d, of the Constitution, relating to *life membership*, be so amended as to read ten instead of twenty dollars.

Carried unanimously.

The President named the following gentlemen as committees for the current year:

Committee on professional exhibition of Fruits—Messrs. Hawley, Crocker and Ferguson.

Committee on professional exhibition of Flowers—Messrs. McVickar, Hand and Messenger.

Committee on amateur exhibition of Fruits—Messrs. Dunlap, Parker and Weeks.

Committee on amateur exhibition of Flowers—Hislop, Bell and Cannon.

Committee on Vegetables—Warner, Cannon and Span.

Committee on Botany—Messenger, Lapham and Bell.

Committee on Entomology—Messenger, Lapham and Bell.

Committee on Library—Lapham, Worthington and McVickar.

The committee appointed to name the days of exhibition for the current year, reported as follows:

That the first exhibition shall occur in the month of June, the second in July, the third in August, the fourth in September, and the last in October, and which latter shall be specially devoted to the exhibition of fruits.

The committee which was appointed at the last meeting to prepare a premium list, having failed to make their report, a formal motion was made that the said committee be requested to prepare the list and report at the June meeting.

Many of the members present being greatly interested in the work of draining lands, an article upon that subject from a leading horticultural journal was read, and followed by some highly interesting and instructive remarks by Col. Crocker.

After which, on motion, the meeting adjourned to the first Saturday in June next.

PUBLIC MEETING AT FOX LAKE.—A notice will be found in our columns of a public meeting to be held at Fox Lake on Friday, in relation to the location of the La Crosse & Milwaukee Railroad. We understand that there exists a good deal of dissatisfaction in that quarter, the people fearing that they will not obtain the location of the road to their town as they expected.

For the Sentinel.

The North Western Insurance Co.

AGENCY NORTH WESTERN INS. CO., OF OSWEGO,
MILWAUKEE, May 5th, 1856.

Messrs. Editors:—A circular, signed "C. J. Carlisle," and purporting to be issued at Columbus, Ohio, assailing the "North Western Insurance Co." and calling its responsibility in question, has been circulated in this city. As I am satisfied it is entirely false in all its statements, I wish you would publish the enclosed correspondence, certificate and testimonials, thereby placing before the public, in its true light, the above well known and responsible company.

Yours very respectfully,
W. HENRY HOLLAND, Agent.

Correspondence, &c.

OFFICE OF THE NORTH-WESTERN INS. CO.
OSWEGO, April 25.

P. BUNDY, Esq., *Agent, Toronto, C. W.*

DEAR SIR.—Your favor of the 21st instant, advising us of the recent appearance, at Toronto, of a mischevious little sheet, affecting our interests, purporting to be addressed to the Auditor of Ohio, and bearing date at Columbus, in that State, is received. We were before informed of the existence of this *thing*, by Mr. Adams, our respected agent at Columbus, who transmitted us the Auditor's copy. What impression it made *there*, on the Auditor himself and Mr. Adams, you will easily infer from the extracts herewith sent, from Mr. Adams' letter, without any argument of ours. We have been unable to discover its author, or its source, or the person or persons engaged in putting it into circulation. Our Finance Committee, after due consideration, supposed that the reputation, which we had achieved, in the course of nearly a quarter of a century, as the Pioneer Company of the Lakes, developing the commerce of these inland waters, and protecting and relieving those engaged in it, by prompt and liberal adjustments, would, with all high-minded, discerning men, be a sufficient refutation of the conclusions of a document written, so palpably, by a pen *dipped in gall*.—And the effect of the document *here*, at *home*, has been the waking up of an honest indignation, and a generous sympathy in, our behalf, for the good traits of which, we could well afford a liberal compensation to its author. One premium account was, I believe, second to but one company in our state in 1855; and, should we progress as we have done to the present time, our account for 1856, will be largely increased over the last.

But, as you seem desirous that some sort of response should be made, to assure our patrons of their safety, with our policies in their hands, we have concluded, without following our unknown assailant through his array of figures from 1853 down, and combatting the side issues which he has presented—exposing his shallow perversions and absurd estimate—to furnish you with a few documents, bearing on the essential points of the case.

If the minds of our friends are not proof against the ordinary influences of human testimony, then is it most obvious that we shall need no other, or further vindication.

These I send you, not for publication, to follow the myriad copies of the paper referred to, which have been sown broadcast, on all waters between Michigan City and New York—but, to make you strong, and to confirm your customers in the confidence so long reposed in us. Let us pursue the even tenor of our way, and let our adversaries enjoy the pleasant occupation, in which they are so diligently engaged. Their success will, probably, be the same as that which crowned their efforts at Albany, in March last, when our Legislature, by a *unanimous* vote of each house—Senate and Assembly—extended our charter 20 years.

Yours respectfully,
JAMES PLATT, President.
S. B. LUDLOW, Secretary.

Extract of a letter from Demas Adams, Esq.

AGENCY NORTH-WESTERN INS CO,
COLUMBUS, April 25, 1856.

"TO S. B. LUDLOW, *Secretary.*

"DEAR SIR:—The enclosed document I procured from the Auditor of State, by promising that it should be preserved, so that if wanted it could be obtained. The only other of the sort I have happened to hear of, was sent to my friend, John Miller, Banker, by M. B. Scott, of Cleveland, making inquiries about the document and its author.

"I wrote Mr. Scott last evening, informing him that the person, whose name was attached to the printed document, was *not of this time, nor never was at any time, a resident of Columbus.*

"As it is probable the thing originated in Cleveland instead of Columbus, it is possible your agent there might ascertain something about it. He could, probably, find at which of the printing offices it was printed.

"I have *heard* that a man, of the author's name, passed through this city as a book agent, obtaining subscribers. But I *think* this erroneous."

From the Cleveland Herald, of April 22.

We have received a circular signed "C. J. Carlisle," and purporting to be issued at Columbus, addressed to the Auditor of State, assailing the "Northwestern Insurance Company" of Oswego, and calling its responsibility in question. We have to-day been shown a letter from Columbus, from a perfectly responsible source, which states that the Auditor has no knowledge of the author, who has unquestionably assumed the name over which he writes. This letter states that no person of the name of "C. J. Carlisle" resides at, or is known at Columbus. This circumstance is of itself sufficient to discredit the whole story.

The responsibility of the company is undoubted, and holders of its policies have not the smallest reason to question its ability to pay its losses promptly in future, as it has done hitherto.

County Clerk's Certificate.

I, Henry S. Conde, Clerk of the County of Oswego, having the custody of the public records thereof, hereby declare that I have recently certified, for transmission to the Auditor of the State of Ohio, that the Northwestern Insurance Company hold mortgages on real estate, of record in my office, worth double the amount of the moneys specified in the same, or claimed to be unpaid thereon—which I hereby re-affirm: and further, that the real estate aforesaid, which secures a considerable portion of them, is, in my judgment, worth at least three times the amount secured thereby.

In testimony whereof, I have hereunto set my hand, and affixed my official seal, this 15th day of April, 1856.

[L. S.] HENRY S CONDE, Clerk.

Luther Wright to P. Bundy.

P. BUNDY, Esq., *Agent, &c., Toronto, C. W.*

DEAR SIR:—Your communication in relation to the "Carlisle" pamphlet, was received in due time, and laid before the Finance Committee of the Northwestern Insurance Company, of which I am, and for many years have been, a member. And, considering its anonymous character, (although it has *a* name attached to it) and its manifest vindictiveness, our Secretary, Mr. Ludlow, was counselled, unanimously, to pay no regard to it. But as your agency seems to be somewhat disturbed by it, permit me to say to you, and to whom it may concern, that the main and essential assumption and averment, by which the writer ostensibly intended to prejudice the mind of the Auditor of Ohio, to whom it is addressed—but really designed for mischief elsewhere—is grossly false. Our mortgage investments, which he assumes are secured by real estate of the value of only 66 per cent. of the amount, are, in truth, secured by property worth from 200 to 300 per cent. I could specify other errors. And as to the Bank stock investments, they are, in my judgment, what they purport to be. The Sackets Harbor Bank stock, which the writer depreciates, is not open to any such exception as he makes. But where a witness testifies falsely on the main and material question in a case, with so reckless a disregard of the truth, his credibility as to any thing is worthless.

I need scarcely add that during a long connection with the Institution, it has been one of the most prompt and liberal paying Companies in this State, both in adversity and prosperity and especially that the manner in which it met the demands of the disastrous year of 1853 and 1854—which were injurious to many other Companies—and without disturbing its investments, or at the sacrifice of a dollar, in any way, should secure the unhesitating confidence of the community.

The Institution is managed with skill and integrity, and in these respects, as well as in regard to its soundness and reliability, it is, in my opinion, entirely trust-worthy.

Yours respectfully,
LUTHER WRIGHT.

Testimonials of Oswego Business Men.

We, the undersigned, residents of the city of Oswego, and engaged in its trade and commerce, certify that we have long been acquainted with the Northwestern Insurance Company of this place—its managers—and its present condition—that we protect ourselves with their policies, with unhesitating confidence in their soundness and integrity, and in the ability and willingness of the Company to meet their responsibilities at all times. The Institution is, in our judgment, well and reliably conducted, and worthy of the public approval and patronage. Dated at Oswego, April 25, 1856.

Railroad Meeting at Cedarburg.

A large public meeting of the citizens of Cedarburg and the vicinity, was held pursuant to notice at the Military Hall, in the village of Cedarburg, Ozaukee county, on the 3d inst., for the purpose of conferring with the officers of the Milwaukee and Superior Railroad Company, and considering in what manner the people of said county can best aid in the construction of said Road.

The meeting was organized by the choice of Hugh McElroy as Chairman, and Hon. Wm. Vogenitz as Secretary.

The Chairman then introduced to the meeting C. R. Alton, Esq., President of the Milwaukee and Superior Railroad Company, who stated briefly the plans and intentions of the Company, and was followed by Joshua Stark, Esq., and Herman Hertel, of Milwaukee, who addressed the meeting at considerable length, and were list ned to with close attention.

Thereupon Hon. Frederick W. Horn, of Cedarburg, read the following resolutions, which were unanimously adopted by the meeting:

Resolved, That the citizens of the town and village of Cedarburg hail with pleasure the news of the speedy commencement of the Milwaukee and Superior Railroad.

Resolved, That we pledge ourselves to give up to-day (March 28) to the aid of those few gallant men, volunteers and regulars, numbering not over 100, struggling against some 800 of those fiends to human shape, called Indians.

SPRING TRAFFIC—MOVEMENTS WESTWARD.—The Spring trade for the West has fully set in, and our business marts present an active appearance. In a week the Canals will be ready and the water will have been let in, when boats can be seen moving along this great artery of trade to the West and East. Our docks will then present a more active appearance, giving employment to hundreds of hands now idle. But the movement West has been for some time past large, and a good ly portion will continue to go by the Central Railroad. The daily scene witnessed at the Steamboat Landing, the hundreds of tons of merchandize strewn on the wharf, and the large number of men and teams employed in transferring the property from the steamboats to the cars, is conclusive evidence of the immense traffic now going on with the West. One hundred and nineteen cars were yesterday dispatched from this city for the West, all laden.—*Albany Evening Journal, April 30.*

The Indian War in Oregon.

The last news from Oregon was to the 5th of March, at which time the Indians were threatening an attack upon the settlements at the Cascades.

Later advices, to the 28th ult. are of great interest. All the available force of regulars had been ordered into the Indian country, and the Oregon volunteers were in search of a party on Snake River. The Indians came in between the army and the settlements further down and commenced their ravages. An extra from the *Oregonian*, of Portland, says:

On Tuesday night, 25th instant, the Indians supposed to number 800, attacked the Cascades and at our latest datest dates had full and complete possession of the only pass by which communication can be had with either the regular forces or the volunteers now in the field. The Indians have burned every building at the Cascades. They have captured and destroyed the steamer Mary, killed a large number of the citizens, and yesterday were fighting with the forces in the blockhouse.

Upon the receipt of the news that the Cascades had been attacked, a public meeting was immediately called in this city, (Portland) and over forty men volunteered to go to the rescue. The steamer Fashion was dispatched at an early hour yesterday, with those volunteers and such arms as could be procured.

The steamer Belle was despatched from Vancouver with forty regulars and a few volunteers at 5 o'clock, yesterday morning. She arrived at the Cascades about 10 o'clock, and succeeded in landing her men under cover of howitzers. The Indians in large numbers resisted them, and the fight had continued for several hours, when Mr. Slater, the purser of the Belle, left in a canoe for assistance. Mr. Dennimon, one of Gov. Curry's aids, has sent overland the following letter, which explains how were matters when Slater left:

COL. STARK:—Mr. Slater just passed us in a canoe, and says that all the houses at the Cascades are burned, and that the Indians are from six to eight hundred strong. Our people are fighting at the blockhouse, and those on board of the Belle are fighting, and can furnish no relief to those in the blockhouse. Two of the men who went up on the Belle are killed.

We want supplies and ammunition, and at least one hundred men addition to what we now have. We shall take a position, and try to defend ourselves, and send the Fashion back immediately. See that we have supplies and ammunition. Yours, in haste,

A. P. DENNISON.

Another company is now being enrolled, who go up to-day (March 28) to the aid of those few gallant men, volunteers and regulars, numbering not over 100, struggling against some 800 of those fiends to human shape, called Indians.

Marine Intelligence.

☞ The Erie *Gazette* says: "Two fine vessels were launched from the stocks, (in Gen. Reed's yard,) near the outlet lock, on Saturday, one named *St. Paul* and the other *St. Peter*. They are of about 400 tons burthen each and were built for Gen. Reed by Messrs. Foster & DeWolf, skillful and expe ienced ship-builders.

THE NORTHERNER.—The upper deck of the *Northerner* is some two or three feet out of water. Arrangements, we learn, are now making to raise her. The body of the steamer's engineer, Peter Moore, has been recovered and taken to Newport, and considerable floating freight has been picked up.—*Detroit Advertiser*, 3d.

ACCIDENTS, &c.—The brig *Resolute*, in coming in Sunday, ran foul of the barque *Wyoming*, and carried away her bowsprit yard. The schooner *Alvin Clark* also ran foul of the brig *Richardson*, and carried away her main rigging and chair plates and bulwarks. The schooner *Jessie* came in collision with the schooner *Maple*, carrying away her jib-boom and head gear; the *Maple* suffered little damage.

Quite a number of fore-yards and other portions of vessel rigging was destroyed by the large fleet of vessels coming in contact while entering the river.—*Chicago Tribune.*

NO WRECK.—The steamer *Cleveland*, which arrived at this port from Green Bay Sunday morning, reports that, after making full observations with a glass, nothing could be seen at Death's Door of any wrecked steamer or other vessel, and the report of that matter must be incorrect.—*Ibid.*

BARQUE FANE AND OTHER VESSELS ASHORE.—The *Queen of the West*, from Detroit, reports the barque *Fame* ashore at Thunder Bay. The schooner *Three Bells*, which arrived here Saturday, reports a vessel ashore north of Waukegan.—*Ibid.*

LAUNCH OF A STEAM TUG.—On Saturday evening we were invited to witness the launch of a new steam-tug, just built by G. S. Weeks, ship-carpenter on the North branch. She was built for Wm. W. Whitcomb, of this city, and is a little larger than the old steam-tug *Franklin*, whose machinery she takes. She is called the *Game Cock*, and will no doubt prove a valuable accession to the train of vessels of this character in Chicago harbor.—*Chicago Tribune.*

A STRIKING SIMILE.

THE HEALING WATERS.

Our readers will doubtless remember the magic properties assigned to the River Lethe in the Mythology of ancient Greece. In those darker ages superstition held predominant sway, and usurped the minds of men. Immersion in its waters was believed to cause forgetfulness of past and present woes—The afflicted mind and diseased body could alike throw off the tramels that bound them, and being thus no longer the slaves of mental or bodily enthralment, finish the rest of their days with indifference to the past, and unalloyed anticipation for the future.

But short not! attentive reader! when we tell you with less fable, but far sterner fact, that we have a Lethe near our homes and hearths, whose waters not occasionally but *at all times* flow in one continuous stream of healing beneficence!

Whether the affliction emanate from the deep seated core of long neglected disease, or from the ravages of malignant epidemic, or again from long protracted habits of dissipation and vice, there is at hand, within the easy grasp of the poor sufferer, be he high or low, a remedy for his woes to which he can look for succor.

We allude, in the above remarks, to the vastly spread and mighty influence of the remedies which bear the name of the world-famed and renown of Professor Holloway.

Countless thousands of every tongue and clime, daily hymn *his* praises, as having lifted them from a bed of suffering and sorrow to new life and renominated vi, or I

Be the malady hidden in the inmost vitals of the human frame, or evinced by superficial sores, by sure, but gentle means, he eradicates the secret evil, and disperses to the winds the *chronic venom* that has for years defied the Physician's skill!

These are not idle words we utter, nor the visionary imaginings of a fevered brain, but the stern realities of long tried practice and *unyielding issues.*

The suffrages of universal acclamation stamp *Holloway* as the man, and his medicine as the means that administer to the healing of the nations from the "Orient" to the "Occidental" sun!

The printer heralds it from pole to pole, and leaves to all and each but a "*trial's test*" to wring from the unwilling lips of the sceptic and doubter the universally allowed confession that "these things are to."—*New York Examiner.*

HEALTH OFFICER.—At the meeting of the Council on Monday night, a health officer was appointed for the Second Ward, at a salary of $75 per month—There is the need of these officers? What did they do last year? Look at what they cost the city! One of them who received $70 for his services, was never seen but twice by the Common Council, or any body else; once, when he received his appointment, and again when he drew his pay. Another received his pay for assisting in the scattering of three cart loads of lime. The whole thing last year was an imposition upon the tax payers, and in being commenced again this year There are positively enough to enforce every ordinance in this city; and enough in their duty; and so by a recent ordinance of the Council, "*to enforce all ordinances*," and a prompt discharge to the removal of nuisances. If the Police do their duty, there is *nothing for health officers to do*, and the appointment is simply to enable some lazy fellow, too idle to get an honest living by labor, to sponge their living from the city treasury.

The Collingwood Line.

As we mentioned yesterday, this line will consist of the *Keystone State*, *Buckeye State*, *Niagara*, and *Queen City*. One of these boats will leave Chicago for Collingwood, on Tuesday at intermediate ports, every Tuesday, Thursday and Saturday at 5 P. M. Gen. CHARLES M. REED, of Erie, is the managing Director. GODFREY BRYANT is the General Western Agent, and has his head quarters at Chicago. The office of the line in this City will be kept at the corner of Main and Huron Streets. The *Keystone State* will leave for Chicago, on Monday, to take her place on the line.

YOUNG MEN'S ASSOCIATION.—The annual meeting of the Young Men's Association was held last evening, and the annual election of officers takes place to-night. We do not know how near a thousand members the Association numbers, but it ought not to have less than that. There are at least that number of young men in the city who would be greatly benefited by availing themselves of the use of the excellent library and reading rooms. By enrolling themselves as members to-day, persons can participate in the choice of officers to-night, and thus aid in giving the Association an active working organization for the year, such as it has had for the past year, or better, if possible.

SPRING ST. BRIDGE.—Several persons complained to us yesterday of the frequent and unnecessary interruptions to intercourse between the east and west sides, by the mismanagement of the Spring St. Bridge; and more than one assert that the difficulty arises from the inefficiency of the new bridge tender, who had by some means, superseded Nedley, who has given good satisfaction during the past year. They say that the new man is utterly unfit for the place, and that his carelessness put the bridge out of gear yesterday. Will the bridge committee see to this?

EATING TOO PLENTY.—Dogs abound in the streets of our city; baying the moon at night, and badgering the people, by day. There is an Ordinance on the subject of "Dogs running at large," which we respectfully commend to the notice of the Police. Like other City Ordinances, it has been so long a dead letter, that it would be necessary first to commence its rigorous enforcement, without giving the public due notice. It may as well be known, also, that a *mad* dog was killed in the city yesterday.

REAL ESTATE SALES YESTERDAY.—Mr. J. S. SUMNER, Land and Collecting Agent, No. 9 Juneau Block reports the following registered sales of Real Estate yesterday:

PARLOR OR SALOON PISTOLS!

JUST RECEIVED a small assortment of the above named Pistols, together with the cap and ball for the same. These pistols are not only serviceable as a weapon of defence, but are admirably adapted for target exercise.

The cap, ball and powder are all together, and the Pistol can be charged in the same space of time required to place a cap on an ordinary Pistol. There is but little smoke or noise attending the discharge, at the same time the ball is thrown with sufficient force to do great execution. As this style of Pistol is only made in two sizes of bore, no difficulty will be experienced in procuring the caps to fit them.

We have also on hand a large stock of Colt's, Allen's, Warner's, Robbins & Lawrence's, Whitney's and other styles of revolvers and pistols of cheaper grades, all of which will be sold low. Call and examine our assortment.

CALEB WALL.

CITY AUCTION ROOM.

YOU will please all remember that on next Thursday morning, May 8th, at 10 o'clock, I will sell the superior Furniture of Mr. Wendt, at his residence on the corner of Astor and Division Street. The Furniture is very superior indeed. At the same time I will also sell a splendid Silver Tea Set, and China Set, brought direct from Europe, and has been but little used, worth about one thousand dollars. Ladies are particularly invited to attend. [may6] CALEB WALL, Auctioneer.

City Land Office.

THE THREE BRICK HOUSES I own on Mason St., formerly occupied by Mr. Rodd & and others, are now vacated. I will be happy to show any one who want to purchase any or all of them. I intend to put them in thorough repair, by painting and papering them, and if they are not sold in ten or fifteen days, I will lease them to responsible parties for one year. The location of this property is certainly very desirable, about 8 minutes walk from the Post Office. I will sell the property on very easy terms.

I also have two lots on Jackson street, which will be vacated this day. The said property is the second building above Mr. Mallory—neighbor Mr. Bonham. I also intend to put this property in first rate order. I will sell the property on very easy terms. If this property is not sold in ten or twenty days, I will also lease it for three years.

Is desirable property. Neither of the above property have I been able to show before, on account of its being closed. They are all with double parlors, dining rooms, first rate cellars, good yard, &c. Any one desirous of leasing or seeing the aforesaid property, I will go with them at any time. [may25] CALEB WALL.

CITY LAND OFFICE.

A DESIRABLE House and Lot, one of the best locations in the city of Milwaukee, on Mason Street. It is that desirable residence now owned and occupied by the Rev. J. Miner, who is about to leave the city, from no account of his health. The House and Lot is on the corner of Mason and Cass streets, directly opposite E. CRANER'S residence. The House is convenient, containing some 10 to 12 rooms. The grounds are in front of the house handsomely laid off with varieties of shrubbery and fruit trees, and you have a beautiful view of the lake. Mason street is considered one of the most desirable streets in our city. The property will be sold cheap. Possession of it given in a short time. Terms will be ½ down, balance in one, two and three years. Any one wishing to see the property can do so by calling for me, and I will go with them. Foreign capitalists can be sure to find me and show it to them. [may5 CALEB WALL, Agent.

CITY LAND OFFICE.

A SPLENDID BRICK HOUSE finished in the very best and latest style, with all the conveniences of gas, water, &c. It is that property now occupied and owned by Mr. Wendt, on the corner of Division and Astor street, and adjoins the residence of Charles S. Brown, Esq. Mr. Wendt has left with me the aforesaid house and lot, and has authorized me to sell it at a very reasonable price, on very fair and very easy terms. The location is certainly very desirable. Both streets are to be elegantly built up, and with a better neighborhood, than Astor and Division Street. The view from the premises is beautiful. Let any one take a walk to the north part of our city, and they will agree with all I have said. Any one who wishes to see the property can do so by calling at my store, and I will go with them. Possession given immediately. CALEB WALL, Agent.
